Objective

Statutory objective of the organisation. What does the organisation seek to achieve?

The Foundation's purpose is to improve the quality of the lives of as many sentient beings as extensively as possible, making use of scientific methods in order to do so. As a think tank, it contributes to the development of fundamental understandings of effective ethical behavior and action. In particular, it is committed to evidence-based poverty reduction, the reduction of animal suffering, the improvement of international cooperation and stability, and the promotion of responsible approaches to future technologies. It promotes the philosophy and social movement effective altruism. The Foundation is active domestically and internationally. The Foundation pursues no commercial interest and is exclusively not-for-profit. Pursuant to Article 86a of the Swiss Civil Code (ZGB), the founder explicitly reserves the right to change the Foundation's purpose.

Outline of the policy plan

Please answer the questions below or provide an URL to the policy plan after the last question about the policy plan.

The online policy plan should at least provide answers to the questions about the policy plan asked here.

What are the institution's activities? When are which activities to be carried out? And how do the activities contribute to achieving the institution's objective?

EAF maintained the following projects in 2021, operated as continuous ongoing programs:

- The Center on Long-term Risk (CLR) conducts research into effective and cooperative strategies for reducing involuntary suffering, focussing on risks from emerging technologies. It takes an interdisciplinary approach, drawing on the fields of moral philosophy, decision theory, game theory and computer science.
- Raising for Effective Giving (REG) raises funds for high-impact charities, and supports individuals, families and businesses who want to have the biggest possible impact through their charitable giving. Since 2014, the project has advised over 500 donors and raised over \$14 million in donations for effective charities.
- EAF enables tax-exempt donations to international aid organisations. Donors from Switzerland can use EAF to support effective aid organisations around the world in a simple and secure way. EAF regularly allocates grants from collected donations, and ensures the funds are used for their intended purpose.

How does the organisation generate income or revenue?

The Foundation is funded through donations from individuals, and grants from charities in Switzerland and internationally.

1

General (continued)

How and for what purposes are the revenues spent?
If your organisation holds capital, please fill in here where and how this capital is held (e.g. savings account, investments, etc.)

Expenditure is made solely to advance EAF's purposes as described above.

EAF's general assets are held in bank accounts. EAF has an investment policy, reviewed by the board annually and available on our website, which allows the investment of reserves in excess of short-term liquidity needs.

Remuneration policy
 Remuneration policy for the statutory board, for the members of the policy-making body and for staff (e.g. collective labour agreement or salary scheme).

As stated in Article 5 of EAF's Foundation Charter, the members of the Foundation Board (Trustees) act on a voluntary basis. They can only be compensated insofar as they are hired for a specific position apart from their duties as Trustees.

The remuneration of employees including managers is not based on a collective labor agreement. It is determined by the Foundation Board or compensation committee in accordance with the following guidelines. (This policy is not a regulation in terms of the Foundation Charter, Article 6.)

The remuneration of EAF staff should correspond to the remuneration of similarly qualified persons in functionally comparable positions at similarly situated organizations, and should allow our staff to meet their needs, i.e. to make a living.

Activity Report
List the activities that have been carried out. Alternatively, under the next question, enter the URL to the activity report, or to the financial statements if they clearly describe the activities of the financial year in question.

In 2021, EAF undertook the following activities:

Our research project the Center on Long-term Risk focussed mainly on risks resulting from conflicts between advanced artificial intelligence systems (AI), with a subsidiary focus on human psychological malevolence and its relevant for the use of future technologies. It conducted scientific research on this topic, published articles, ran a Summer Research Fellowship to mentor junior researchers, awarded grants to support relevant work outside our organisation, and conducted career coaching sessions with individuals interested in working in the field. In 2021, a charity, also called Center on Long-term Risk was founded in the United Kingdom, with the purpose of conducting a research program that is closely complementary to EAF's work on the CLR project. EAF established a partnership with this charity, and transferred a part (but not all) of its research activities in the United Kingdom to this charity in December 2021. In future years, EAF will continue its own research in this area, while also supporting the work of the UK charity

Including as part of its tax-exempt donations service, EAF made grants to support a variety of organisations in the fields of evidence-based poverty reduction, the advancement of animal welfare, risks and opportunities of future technologies, and promoting effective altruism.
